

R-1C SPILL REPORT

PLANT PROTECTION DEPARTMENT
FLAMMABLE/COMBUSTIBLE/HAZARDOUS
AND OTHER TYPES OF SPILL REPORT

PSW-86-26

So. Windsor, Ct.

TO: A.L. Walrond
cc: F.L. Cuff
K.G. Hecht
D. Villella
W.J. Walek

Date of Report: Feb. 28, 1986

Date of Spillage: Feb. 27, 1986

Time: 10:25 AM

Location: South Yard (Haz-Mat Shed)

Notification From: John Page

Type of Liquid: Battery Acid

Amount: one gallon/one battery

Cause: Possibly from cold weather freezing the fluid content, causing one battery case to crack and others to leak through vent caps.

Determined by: Emile N. Berube

Action Taken: Plant Protection Personnel neautralized the acid.

Estimated Damage: None

Determined By: Emile N. Berube

Nature of Repairs: None

Remarks: Mr. Berube informed Bernie Plummer #740760 of the acid spill and to implement the hazardous spill procedure for cleaning and disposing of the acid. Mr. Kelvin Hecht and Dave Black were both notified of the spill.

Signed: Richard C. Plummer
